

Step-by-Step with Modern Masters

RECIPE N° 8 | Soft Metals

This is a versatile finish that's easy to create without a lot of layers. Complimentary paint colors mix and blend for a beautiful treatment with interest while the Matte Metallic adds a soft shimmer to the pattern. Perfect for many surfaces, including walls, ceilings, floors, furniture, doors, and more.

PRODUCTS NEEDED

- Modern Masters *Oyster Matte Metallic*
- Wallovers' *Cool Connections Stencil*
- Benjamin Moore Montana Agate #056, Flat finish
- Benjamin Moore Charmed Violet #1398, Flat finish

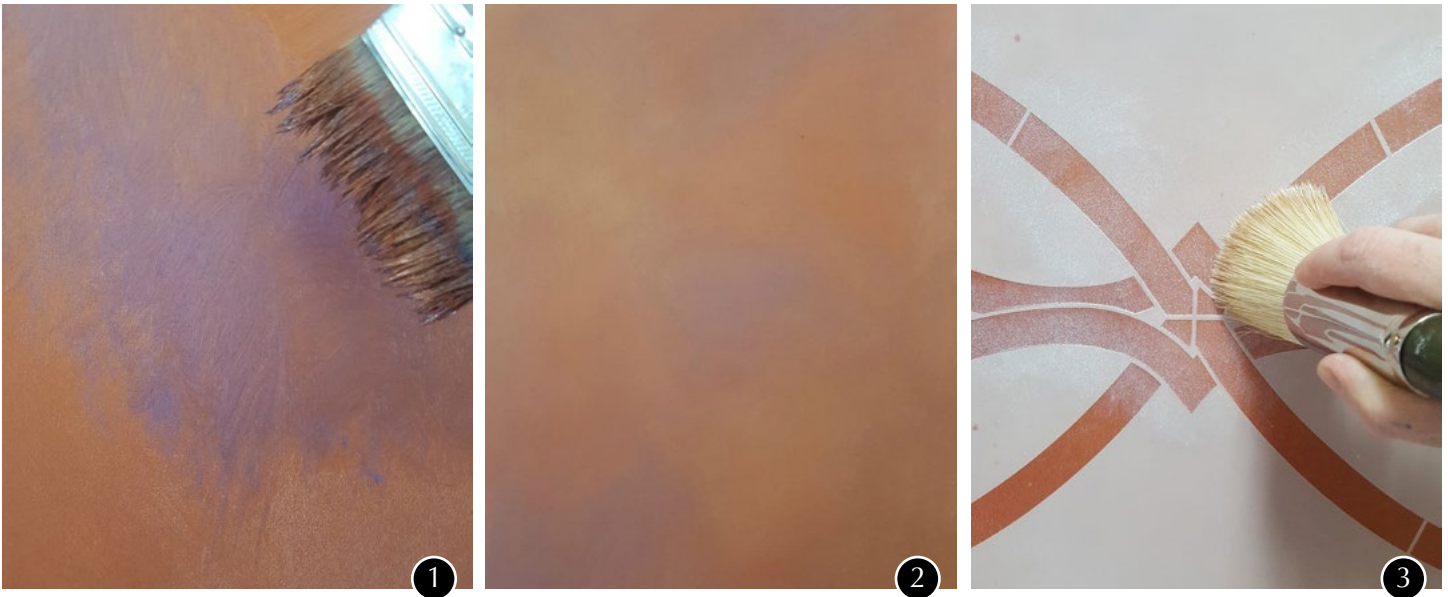

TOOLS NEEDED

- Stencil Brush
- 4" Chip Brush
- Paper Towels and Containers

Step-by-Step with Modern Masters

RECIPE N° 8 | Soft Metals

STEP 1: Base area with 2 coats Benjamin Moore Montana Agate. Let dry 2 hours between coats. Dip the 4" chip brush into the Montana Agate color and apply to a 2 foot square area using a crosshatch technique. While the Montana Agate is still wet, dip a clean 4" into the Charmed Violet color, dab off excess on a rag and apply it in small random areas on top of the wet Montana Agate. Blend the two colors together to taste using the cross hatch technique. Let dry completely.

STEP 2: Apply color as suggested in Step 1 and blend thoroughly until you are satisfied with the balance of muted color.

STEP 3: Affix your stencil design to the surface. Dip your stencil brush into the Oyster Matte Metallic and remove excess on a paper towel. Apply the Oyster Matte Metallic over the stencil pattern. Remove the stencil and let dry.

You are done!
